LAWIQ TO PROVIDE ENERGY REGULATORY ANALYTICS TO NGSA
Intelligent Data and Services Will Help Support Competition in U.S. Natural Gas Markets

Washington Aug. 2, 2018 - LawIQ, (www.lawiq.com) a developer of regulatory and legal analytics and intelligence services, announced that the Natural Gas Supply Association (NGSA) will purchase the LawIQ Energy software platform to support its mission to advocate for a competitive U.S. natural gas market supported by appropriate regulations and inform its viewpoints on issues related to the downstream natural gas industry. In addition, NGSA will gain access for its members to LawIQ's Insights on recent Federal Energy Regulatory Commission policy changes impacting pipelines and ongoing litigation impacting energy infrastructure development.

"We are proud to be selected to support NGSA and their important efforts to maintain market competitiveness," said Chip Moldenhauer, CEO of LawIQ. "Using all available data distilled into fact-based insights is the best way for the natural gas industry and its regulators to work together to navigate the permitting and litigation landscape to build America's critical energy infrastructure."

"NGSA is excited to partner with LawIQ," said Dena Wiggins, President and CEO of NGSA. "Our association membership will benefit from their leading analytics and analysis of the regulatory and legal processes and issues impacting gas producers and marketers. LawIQ's first-of-its-kind forecasting of future market changes is just one example of how LawIQ influences industry decision makers."

###

About LawIQ: LawIQ (www.lawiq.com) is a leading provider of regulatory and legal data analytics and intelligence services for blue chip energy and industrial corporations and financial firms who need to deploy capital with confidence, manage risk, and maximize returns. LawIQ's team of lawyers, statisticians, and software experts apply industry knowledge and machine learning technologies to engineer data acquisition systems, create analytics, and originate insights that reveal regulatory and legal intelligence and predict permitting milestones.

About NGSA: The Natural Gas Supply Association (NGSA) represents integrated and independent companies that supply natural gas. Founded in 1965, NGSA is the only national trade association that solely focuses on producer-marketer issues related to the downstream natural gas industry. NGSA maintains a deep focus on the regulatory issues that affect natural gas producer marketers. For more information, please visit www.ngsa.org and www.naturalgas.org
