NGSA Commends Senate for Confirmation of Ernest Moniz as Secretary of Energy

(Washington, D.C.) -- The Natural Gas Supply Association (NGSA) commended members of the U.S. Senate for their confirmation today of Ernest Moniz as Secretary of Energy.

Skip Horvath, President and CEO of NGSA, said, "We look forward to working with Secretary Moniz in his new role at the Department of Energy. We remember working with him when he was Undersecretary of Energy, and found him to be informed, engaged, and forthcoming in his approach to natural gas. His vast experience in energy will be an asset to the Administration and his experience with 'all of the above' will increase his effectiveness."

####

NGSA represents integrated and independent companies that supply natural gas.

Established in 1965, NGSA encourages the use of natural gas within a balanced national energy policy, and promotes the benefits of competitive markets to ensure reliable and efficient transportation and delivery of natural gas and to increase the supply of natural gas to U.S. customers.
