NGSA and CLNG Commend Senate for Confirmation of Neil Chatterjee and Rob Powelson as FERC Commissioners

(Washington, D.C.) -- Dena E. Wiggins, president and CEO of the Natural Gas Supply Association, and Charlie Riedl, Executive Director of the Center for LNG, commended the Senate for its vote today to confirm Neil Chatterjee and Rob Powelson to the Federal Energy Regulatory Commission.

Dena Wiggins said:

“We applaud the Senate for its vote today to confirm these two outstanding and experienced individuals and look forward to working with Neil Chatterjee and Rob Powelson at the Federal Energy Regulatory Commission. Together they bring a wealth of experience in different regulatory aspects of the energy industry. This vote restores the Commission to a quorum and enables progress to be made on projects and policies that have been sidelined for months. “

Charlie Riedl said:

“Today’s Senate vote is welcome news. Returning FERC to full strength will allow LNG developers to move forward with confidence that the required permits and permissions to build projects will be considered quickly and efficiently.”

####

The Natural Gas Supply Association (NGSA) represents integrated and independent companies that supply natural gas. For more information, please visit www.ngsa.org and www.naturalgas.org.

The Center for Liquefied Natural Gas (CLNG) is a trade association of LNG producers, shippers, terminal operators and developers, and energy trade associations. CLNG facilitates rational issue discussion and the development of public policies that support LNG’s contribution toward economic growth in the United States. For more information, please visit www.lngfacts.org and www.lnginitiative.org.

Markets Matter: *Representing America's Major Producers and Suppliers of Natural Gas Since 1965*
